MEDICARE AND CHAMPUS PYMENTS: A patient's signature requests that payment be made and authorizes release of any information necessary to process the claim and certifies that the information provided in Blocks 1 through 12 is *true, accurate and complete.* In the case of a Medicare claim, the patient's signature authorizes any entity to release to Medicare medical and nonmedical information, including employment status, and whether the person has employer group health insurance, liability, no-fault, worker's compensation or other insurance which is responsible to pay for the services for which the Medicare claim is made. See 42 CFR 411.24 (a). If item 9 is completed, the patient's signature authorizes release of the information to the health plan or agency shown. In Medicare assigned or CHAMPUS participation cases, the physician agrees to accept the charge determination of the Medicare carrier or CHAMPUS fiscal intermediary as the full charge, and the patient is responsible only for the deductible, coinsurance and noncovered services. Coinsurance and the deductible are based upon the charge determination of the Medicare carrier or CHAMPUS fiscal intermediary if this is less than the charge submitted. CHAMPUS is not a health insurance program but makes payment for health benefits provided through certain affiliations with the Uniformed Services. Information on the patient's sponsor should be provided in those items captioned in "Insured", i.e., items 1a, 4, 6, 7, 9 and 11.

BLACK LUNG AND FECA CLAIM

For CHAMPUS claims, I further certify that I (or any employee) who rendered services am not an active duty member of the Uniformed Services or a civilian employee of the United States Government or a contract employee of the United States Government, either civilian or military (refer to 5 USC 5536). For Black-Lung claims, I further certify that the services performed were for a Black Lung-related disorder.

FOR OWCP CLAIMS: Department of Labor, Privacy Act of 1974, "Republication of Notice of Systems of Records," Federal Register Vol. 55 No. 40., Wed. Feb. 28, 1990. See ESA-5, ESA-6, ESA-12, ESA-13, ESA-30, or as updated and republished.

FOR CHAMPUS CLAIMS: PRINCIPAL PURPOSE(S): To evaluate eligibility for medical care provided by civilian sources and to issue payment upon establishment of eligibility and determination that the services/supplies received are authorized by law.

ROUTINE USE(S): Information from claims and related documents may be given to the Dept. of Veterans Affairs, the Dept. of Health and Human Services and/or the Dept. of Transportation consistent with their statutory administrative responsibility under CHAMPUS/CHAMPVA; to the Dept. of Justice for representation of the Secretary of Defense in civil actions; to the Internal Revenue service, private collection agencies, and consumer reporting agencies in connection with recoupment claims; and to Congressional Offices in response to inquiries made at the request of the person to whom a record pertains. Appropriate disclosures may be made to other federal, state, local, foreign government agencies, private business entities, and individual providers of care, on matters relating to entitlement, claims adjudication, fraud, program abuse, utilization review, quality assurance, peer review, program integrity, third-party liability, coordination of benefits, and civil and criminal litigation related to the operation of CHAMPUS.

DISCLOSURES: Voluntary; however, failure to provide information will result in delay in payment or may result in denial of claim. With the onc exception discussed below there are no penalties under these programs for refusing to supply information. However, failure to furnish information regarding the medical services rendered or the amount charged would prevent payment of claims under these programs. Failure to furnish any other information, such as name or claim number, would delay payment of the claim. Failure to provide medical information under FECA could be deemed an obstruction.

It is mandatory that you tell us if you know that another party is responsible for paying for your treatment. Section 1128 B of the Social Security Act and 31 USC 3801-3812 provide penalties for withholding this information.

You should be aware the P.L. 100-503, the "Computer Matching and Privacy Protection Act of 1988", permits the government to verify information by way of computer matches.

MEDICAID PAYMENTS (PROVIDER CERTIFICATION)

I hereby agree to keep such records as are necessary to disclose fully the extent of services provided to individuals under the State's Title XIX plan and to furnish information regarding any payments claimed for providing such services as the State Agency or Dept. of Health and Human Services may request.

I further agree to accept, as payment in full, the amount paid by the Medicaid program for those claims submitted for payment under that program, with the exception of authorized deductible, coinsurance, co-payment or similar cost-sharing charge.

SIGNATURE OF PHYSICIAN (OR SUPPLIER): I certify that the services listed above were medically indicated and necessary to the health of this patient and were personally furnished by me or my employee under my personal direction.

NOTICE: This is to certify that the foregoing information is true, accurate and complete. I understand that payment and satisfaction of the claim will be from Federal and State funds, and that any false claims, statements, or documents, or concealment of a material fact, may be prosecuted under applicable Federal or State laws.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing date sources, gathering and maintaining data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to HCFA, Office of Financial Management, P. O. Box 26684, Baltimore, MD 21207; and to the Office of Management and Budget, Paperwork Reduction Project (OMB-0938-0008), Washington, D.C. 20503.

SIGNATURE OF PHYSICIAN OR SUPPLIER (WORKER'S COMPENSATION)

Any person who, knowingly and with intent to injure, defraud, or deceive any employer or employee, insurance company or self-insured program, files a statement of claim containing any false or misleading information, is guilty of a felony of the third degree.

Under penalty of perjury, I declare that I have read the foregoing, that the facts alleged are true to the best of my knowledge and belief, and that the treatment and services rendered were reasonable and necessary with respect to the bodily injury sustained.

NOTICE

According to the terms of your Group Enrollment Agreement with Oxford, premium payments are due on the first of the month. The purpose of this notice is to advise you that your group coverage may terminate on the last day of the coverage period indicated on page 1 of this bill (The "Coverage Period") if we do not receive the required premium payment by the last day of the Coverage Period.

If such termination occurs, your employees and their dependents will receive coverage for all claims incurred on or before the last day of the Coverage Period. No coverage will be provided for claims incurred thereafter. Any employee or dependent who has access to no other health insurance may be able to convert to an individual policy with Oxford. More information about this conversion option can be obtained by contacting your Oxford group representative directly.

FOR NEW YORK EMPLOYERS ONLY

Pursuant to section 217 of the New York Labor Law, you are required to inform your employees of the intended termination of their health coverage. This law requires that you do so by either hand-delivering or mailing to each of your employees, and by posting at conspicuous locations chosen as most likely to give notice to your employees, at least nine days prior to the intended termination date, a copy of this notice along with your own cover letter advising as to the intended termination of coverage. However, if your premium payment is sent to Oxford on or before the 20th day of the Coverage Period, or if you have arranged for similar replacement coverage for your employees provided by a different carrier (and filed affidavits to that effect with the Commission of Labor and Superintendent of Insurance), the law does not require that you provide your employees with notification as described above.

Thank you for choosing Oxford.

NOTICE

According to the terms of your Group Enrollment Agreement with Oxford, premium payments are due on the first of the month. The purpose of this notice is to advise you that your group coverage may terminate on the last day of the coverage period indicated on page 1 of this bill (The "Coverage Period") if we do not receive the required premium payment by the last day of the Coverage Period.

If such termination occurs, your employees and their dependents will receive coverage for all claims incurred on or before the last day of the Coverage Period. No coverage will be provided for claims incurred thereafter. Any employee or dependent who has access to no other health insurance may be able to convert to an individual policy with Oxford. More information about this conversion option can be obtained by contacting your Oxford group representative directly.

FOR NEW YORK EMPLOYERS ONLY

Pursuant to section 217 of the New York Labor Law, you are required to inform your employees of the intended termination of their health coverage. This law requires that you do so by either hand-delivering or mailing to each of your employees, and by posting at conspicuous locations chosen as most likely to give notice to your employees, at least nine days prior to the intended termination date, a copy of this notice along with your own cover letter advising as to the intended termination of coverage. However, if your premium payment is sent to Oxford on or before the 20th day of the Coverage Period, or if you have arranged for similar replacement coverage for your employees provided by a different carrier (and filed affidavits to that effect with the Commission of Labor and Superintendent of Insurance), the law does not require that you provide your employees with notification as described above.

Thank you for choosing Oxford.

NOTICE

According to the terms of your Group Enrollment Agreement with Oxford, premium payments are due on the first of the month. The purpose of this notice is to advise you that your group coverage may terminate on the last day of the coverage period indicated on page 1 of this bill (The "Coverage Period") if we do not receive the required premium payment by the last day of the Coverage Period.

If such termination occurs, your employees and their dependents will receive coverage for all claims incurred on or before the last day of the Coverage Period. No coverage will be provided for claims incurred thereafter. Any employee or dependent who has access to no other health insurance may be able to convert to an individual policy with Oxford. More information about this conversion option can be obtained by contacting your Oxford group representative directly.

FOR NEW YORK EMPLOYERS ONLY

Pursuant to section 217 of the New York Labor Law, you are required to inform your employees of the intended termination of their health coverage. This law requires that you do so by either hand-delivering or mailing to each of your employees, and by posting at conspicuous locations chosen as most likely to give notice to your employees, at least nine days prior to the intended termination date, a copy of this notice along with your own cover letter advising as to the intended termination of coverage. However, if your premium payment is sent to Oxford on or before the 20th day of the Coverage Period, or if you have arranged for similar replacement coverage for your employees provided by a different carrier (and filed affidavits to that effect with the Commission of Labor and Superintendent of Insurance), the law does not require that you provide your employees with notification as described above.

Thank you for choosing Oxford.
